Attention is drawn to the fact that figures for the last quarter ended 31 March 2019 and the corresponding quarter ended in the previous year as reported in these annual financial results are the balancing figures between audited figures in respect of the full financial year and the published year to date figures upto the end of the third quarter of the relevant financial year. Also the figures up to the end of the third quarter had only been reviewed and were not subjected to audit.

These annual financial results have been prepared on the basis of the annual financial statements and reviewed quarterly financial results which are the responsibility of the Company's Management. We conducted our audit in accordance with the auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the annual financial results are free of material misstatement(s). An audit includes examining, on a test basis, evidence supporting the amounts disclosed in the financial results. An audit also includes assessing the accounting principles used and significant estimates made by Management. We believe that our audit provides a reasonable basis for our opinion.
